

## HOFFMAN ISLAND TAXED BY IMMIGRANTS

New York, July 20.—Hoffman's Island, detention station of the New York quarantine service now has an average transient population of more than 1,000 a day due to the inbound rush of Italian immigrants.

In addition, the five doctors attached to the station have given up all thoughts of vacation and are working, one of the quarantine officials said, to the limits of human endurance in vaccinating, fumigating and inspecting prospective citizens and their families.

The reason for the unusual call for the services of Hoffman Island is said to be a misunderstanding on the part of Italian officials and steamship companies respecting United States Public Health regulations. Travelers from districts where typhus and other transmissible diseases prevail are supposed to be "de-loused," examined and certified as "clean" by American health officials before they bear the ship.

These regulations are not being complied with, officials here claim and therefore the delousing and fumigating must be done before the traveler is landed. The expense of the work here is charged to the steamship companies.

During the last week more than half a dozen ships have arrived from ports where typhus carrying suspects could be taken on board. All of these ships have been detained in quarantine while the average passengers numbering from one to 2,000 on each ship, were taken off on barges landed at Hoffman Island and detained for 24 to 48 hours.

During the detention they are compelled to take a thorough bath from the tops of their heads to the soles of their feet. Their clothing, baggage and effects are put through a bath of live steam. From Hoffman Island, arrivals are taken to Ellis Island, for examination by immigration authorities as to their qualifications.

## "MOVIE" MACHINES IN SCHOOLS FOR VISUAL EDUCATION

Washington, July 20.—A "movie" machine in every public school to aid in the education of the children of the country is the aim of the Visual Education Association, which has opened headquarters here.

Charles P. Hunt, secretary of the association, says congress will be asked to appropriate funds to co-operate with the states in carrying out the programme, the expense being borne equally by the federal and state governments.

While estimating the ultimate cost at \$15,000,000, Mr. Hunt anticipated that this sum would be needed by installments and he announced that the association would ask for an immediate appropriation of \$5,000,000 available for expenditure during the next three years.

The association is incorporated in the state of Indiana its organization including Charles A. Greathouse, former Indiana state superintendent of public instruction; Dr. J. N. Hurty, Indiana commissioner of health and B. R. Juman, manager of the Indiana chamber of commerce.

## MOTORCYCLE OFFICER AT DARIEN ASSAULTED

Greenwich, Conn., July 20.—The men arrested at Norwalk and in New Haven as the outcome of an encounter with Motorcycle Officer Briggs, in Darien were brought back here tonight for trial and turned over to the federal officers to be charged under the prohibition law of having liquor in their machine.

## NO CHANGE IN TROLLEY SITUATION IN BRIDGEPORT

Bridgeport, Conn., July 20.—The trolley situation showed no change today. The briefs in the injunction proceedings are to be filed by 5 p. m.

The letter of President Storrs of the Connecticut Company to Mayor C. B. Wilson yesterday received considerable attention today in view of the warning in it that service would cease next Monday should the new ordinance be without effect and the city unable to regulate the trolley traffic.

Trolley men here who will be out of employment if the company takes off its cars, today declared they knew of no movement elsewhere to bring about a narrow-gauge trolley strike to assist them in retaining their places. On the contrary trolley men declared that no such joint action could be expected and there was no provision under union rules to call such a strike. Many trolley men are trying to arrange for purchase of busses to run on their own routes and for themselves should the cars be taken off.

## WEATHER NOT FAVORABLE FOR ALASKA-BOUND PLANES

Erie, Pa., July 20.—United States army airplane Number 4, one of the squadron flying to Nome, Alaska, got away for Grand Rapids, Mich., late this afternoon. The commander, by skillful maneuvering, escaped collision with a plane surrounding the aviation field, but the wind was such that Captain Street, commanding the squadron, ordered the other three planes remain here until conditions for flying were more favorable.

Airplane No. 3 at Grand Rapids. Grand Rapids, Mich., July 20.—Airplane Number 3 of the Alaskan flying expedition, commanded by Lieutenant C. C. Grumrine, flying from Erie, Pa., to Grand Rapids, arrived safely here at 5:42 this afternoon.

## PRIORITY FOR SOFT COAL CONSIDERED TO LAKE PORTS

Washington, July 20.—Railroads were ordered today by the Interstate Commerce commission to give priority in movement and preference and priority in the supply of cars for the transportation of bituminous coal consigned to lake ports for transportation to the north-west.

## WILL OF JOHN LYON PROBATED AT GREENWICH

Greenwich, Conn., July 20.—The will of John Lyon, who died last week, was filed in probate court here today. The value of the estate is estimated at more than \$2,000,000, including real estate in this town and in Port Chester, N. Y., valued at upwards of \$1,000,000. According to the will, Mr. Lyon's widow will receive \$7,000 and a residence in Port Chester, as she "was given various sums in the last few years." The bulk of the estate is left to two daughters and one son.

## NEW HAVEN NEWSPAPER MAN CHARGED WITH CONTEMPT

New Haven, Conn., July 20.—Judge Charles J. Martin of the Orange town court granted a continuance until tomorrow morning at the end of today's session of a hearing on a summons issued by Judge Martin ordering Arthur J. Sloane, managing editor of the New Haven Journal-Courier, to show cause why he should not be considered in contempt of court. It is alleged that contempt was shown in accounts printed in the newspaper of last week's liquor raids at Savin Rock.

Judge Martin overruled two demurrers filed by Prentice W. Chase, counsel for Mr. Sloane, and also refused a request that the charge be heard before a disinterested court. After a series of legal arguments between the court and Mr. Chase, a continuance was asked by Town Prosecutor Lewis L. Fields to allow time to obtain evidence as to the circulation of the newspaper in the town of Orange.
